

SOUTHERNERS ON NEW GROUND REGIONAL ORGANIZER JOB DESCRIPTION

Southerners On New Ground (SONG) is a regional Queer Liberation organization made up of people of color, immigrants, undocumented people, people with disabilities, working class and rural and small town, LGBTQ people in the South. We believe that we are bound together by a shared desire for ourselves, each other, and our communities to survive and thrive. We believe that Community Organizing is the best way for us to build collective power and transform the South. Out of this belief we are committed to building freedom movements rooted in southern traditions like community organizing, political education, storytelling, music, breaking bread, resistance, humor, performance, critical thinking, and celebration.

SONG builds a beloved community of LGBTQ people in the South who are ready and willing to do our part to challenge oppression in order to bring about liberation for ALL people. We develop leadership, build our membership base, and identify and carry out community organizing projects and campaigns. All of our work strives to bring together marginalized communities to work towards justice and liberation for all people.

SONG's FREE FROM FEAR CAMPAIGNS

***"What could be born in our communities if LGBTQ people and people of color were not afraid to walk our streets, lead in our towns, and fully lean into our own bodies and lives?"** This is a guiding question for SONG's current political work. Free From Fear is SONG's pledge to a wider collective movement commitment to fight and defeat fear and violence our towns, cities, region, and country that stems from state and institutional violence. For the past two years SONG members, member-leaders, and staff have been building, running, and winning Free from Fear campaigns in Richmond, VA, Harrisonburg, VA, Atlanta, GA, Charleston, SC and Durham, NC. We have fought for creating community review boards to increase accountability of local police departments, to make municipal legal fines and fees based on income, to change police policy and procedure based on LGBTQ community demands, and to end the criminalization of our youth in schools. Now more than ever at SONG we believe the core issues of our time facing Black, Immigrant, Working Class and LGBTQ communities are criminalization and white supremacy. In this time, we will continue to focus on building local powers & gaining local wins & our political strategy looks like:*

- *Strengthening SONG's campaign muscle by fighting for policy reforms (demand expanded community sanctuary, which includes addressing criminalization + immigration issues, and proposal to our membership of advancing a shared regional demand to end money bail)*

- *Build out our community defense work (cooperating attorneys, participatory defense, legal clinics)*
- *Build a united front in SONG's organizing with other communities*
- *Regional actions to demonstrate SONG's VISION of abolition in action and our regional strength*
- *Support SONG's members & member-leaders better and focus our organizing work to be more effective*

SONG's Regional Organizer will have both general regional work responsibilities - base-building and grassroots organizing responsibilities - and Free From Fear campaign-specific responsibilities.
